
Sign and Graphic Installer

Job description

McRobb Display specialises in the production and installation of large format branding graphics and signage and is looking for an enthusiastic individual, to join our busy team at an exciting point in our company's history.

We are looking for an enthusiastic Sign & Graphic installer to join our existing team. The role demands working to a very high standard and to given deadlines. The ideal candidate will have experience in all aspects of signage, vinyl and graphic installation. You will need to have a great attitude to work, a real attention to detail, be able to work within a team, and be flexible so as to fulfil the nature of our clients' needs. For the right candidate, this opportunity will evolve into a meaningful, multi-tasking, challenging and rewarding role.

Established in 1971 McRobb Display are a dynamic, award winning sign, exhibition and graphics company based in Edinburgh. We work with some fantastic clients including many national and global brands.

Duties and Responsibilities:

- To ensure that all signage installed is completed on time, and to a quality consistent with the required standards
- Install all types of internal and external signage
- Make sure Method Statements are followed
- Take responsibility for your own and others' health and safety when working
- Ensure company vehicles are kept clean, tidy, and regularly checked, in line with the company's vehicle policy
- Assist in identifying, and participate in, required training of self and others
- Undertake regular stock checks of tools and materials within the installation vehicle
- Ensure that all equipment is routinely checked for safety, in line with legislation
- Provide polite, efficient interaction with clients and all others, at all times
- Be flexible with start and finish times to enable the company to deliver jobs effectively
- Be available for occasional weekend, overnight and working away if required
- To assist members of the management team and the in-house production staff if required

Skills required for the role:

- Thorough knowledge of installation techniques and use of hand tools
- Excellent attention to detail
- Good problem solving skills and 'can-do' attitude
- The ability to communicate effectively and contribute as part of a team
- CSCS, IPAF and PASMA certificates are desirable
- Experience of safe working at heights
- Confidence whilst working at height
- Safe manual handling of materials, fixtures and fittings
- Project a positive image at all times
- Customer friendly and quality orientated individual
- Willingness to learn and continuously improve
- Knowledge of Health & Safety working practices
- Full Driving Licence
- Adaptable and flexible towards working hours

Experience:

Ideally we would like someone with at least 2 years experience in a graphics or signage fitting role.

However, if you have any other graphics or construction experience and you reckon that what we have to offer would be a good fit for your skills, then please do get in touch.
