
Graphic Technician:

Job description

McRobb Display specialises in the production and installation of large format branding graphics and signage and is looking for an enthusiastic individual, to join our busy production team at this dynamic and ambitious company.

We are looking for an enthusiastic Signs & Graphic technician to join our existing team. The role demands working to a very high standard and to given deadlines. The ideal candidate will have experience in all aspects of signage, vinyl and graphic applications. You will need to have a great attitude to work, a real attention to detail, be able to work within a team, and be flexible so as to fit with the nature of our clients' needs. For the right candidate, this opportunity will evolve into a meaningful, multi-tasking, challenging and rewarding role.

Established in 1971 McRobb Display are a dynamic, award winning sign, exhibition and graphics company based in Edinburgh. We work with some fantastic clients including many national and global brands.

We collaborate with architects and designers; developing and implementing interior and exterior branding, visual finishes and 3D creations.

We believe taking a design led approach helps exceed expectations and we are proud to put our name to every project we undertake. By combining creative design, skilled craftsmanship and quality materials, we work to deliver the highest standard of finish for our clients.

Experience:

Ideally we would like someone with at least 2 year's experience in a graphics or signage role, using any of the software or equipment below;

- Adobe Illustrator and Photoshop
- Large format print equipment
- Graphic board and/or vinyl cutting machines
- Laminating roller machines
- CNC routers
- CSCS, IPAF, PASMA Certification - beneficial but not critical

However, if you have any other print or graphics experience and you reckon that what we have to offer would be a good fit for your skills, then please do get in touch.

Key skills required:

- Time Management and Organisation skills, be able to multi-task
- Basic numeracy, literacy, communication and IT skills
- Project a positive image at all times
- Customer friendly and quality orientated individual
- Willingness to learn and continuously improve
- Drive and enthusiasm for delivering awesome, quality products
- Excellent attention to detail and able to follow a given brief
- Comfortable with manual labour and working at height
- Full driving licence
- A conscientious, flexible and 'can do' working style.
- Able to work as part of a team, in a fast paced, deadline driven environment
- Ability to maintain a clean and tidy workspace, adhering to Health & Safety rules.
