
Trainee Graphic Technician:

Job description

McRobb Display specialises in the production and installation of large format branding graphics and signage and is looking for an enthusiastic individual, to join our busy production team at this dynamic and ambitious company.

We have openings for enthusiastic Trainee, Signs & Graphic technicians to join our existing team. You will need to have a great attitude to work, a real attention to detail, be able to work within a team, and be flexible so as to fit with the nature of our clients' needs. For the right candidates, this opportunity will evolve into a meaningful, multi-tasking, challenging and rewarding role.

Established in 1971 McRobb Display are a dynamic, award winning sign, exhibition and graphics company based in Edinburgh. We work with some fantastic clients including many national and global brands.

We collaborate with architects and designers; developing and implementing interior and exterior branding, visual finishes and 3D creations.

We believe taking a design led approach helps exceed expectations and we are proud to put our name to every project we undertake. By combining creative design, skilled craftsmanship and quality materials, we work to deliver the highest standard of finish for our clients.

Key skills we're looking for:

- Basic numeracy, literacy, communication and IT skills
- Project a positive image at all times
- Customer friendly and quality orientated individual
- Willingness to learn and continuously improve
- Drive and enthusiasm for delivering awesome, quality products
- Excellent attention to detail and able to follow a given brief
- Comfortable with manual labour and working at height
- A conscientious, flexible and 'can do' working style.
- Able to work as part of a team, in a fast paced, deadline driven environment
- Ability to maintain a clean and tidy workspace, adhering to Health & Safety rules.

You'll spend your time working alongside other members of our team, gaining a wealth of experience whilst, carrying out various production methods including graphic design, large format digital printing, laminating and finishing, joinery and CNC cutting, spray painting, vinyl cutting and weeding and onsite installations.

As a Company we are committed to developing staff who show commitment and initiative to progress into other roles within production, sales and management.
