

L'Oreal Garnier

McRobb Display has successfully completed the refurbishment of the London headquarters of L'Oreal. Working alongside Frogworks, all the internal branding and display elements were installed over a single weekend. The graphics were produced in-house using various production techniques including, translucent lightbox images, CNC routing and vinyl cutting along with our new range of digital wallpapers. Using our eco-solvent and UV curable printers we were able to produce high resolution images for high street brands such as Maybelline NewYork and Garnier.

If you would like to know more about this case study or wish to discuss your own project, please call us on 0131 556 9633 or email addie@mcrobb.co.uk
