

For whoever you're trying to attract

## Louis Vuitton

McRobb Display installed this year's Christmas display through the night for Louis Vuitton.

The two festive windows were revealed the following morning, filled with suspended props festooned with thousands of coloured lights.

The walls and floors were clad in mirrored aluminium to transit the illumination into infinity.

*"Fantastic, the best windows in our region!"* was the feedback from London.

If you would like more information or if you want to discuss one of your future projects please call Addie on 0131 556 9633.
